

Shubham Ruwasia Senior Software Engineer

✉ shubham.ruwasia@gmail.com ☎ 8602663590 🌐 /shubham-ruwasia 📍 Indore, India

Summary

Senior Backend Software Engineer with 7+ years building high-availability Java microservices serving 1M+ daily users. Led monolith-to-microservices migration to Spring Boot architecture; improved API performance by 25% through Redis caching and SQL optimization. Seeking backend engineering roles in companies where scale, system design, and clean architecture matter

Skills

Backend: Java (8,17), Spring Boot, Spring MVC, Hibernate, JPA, JUnit, Maven, Unit Testing OOP, Java Collections, Streams, Design Patterns, SOLID principles, MySQL, Distributed systems, API Gateway, Spring WebFlux

Architecture: Microservices, REST APIs, Monolith-to-Microservices Migration

Databases: MySQL and Cassandra

Tools: IntelliJ, Eclipse, STS, Postman and Kibana

Java Features: Java 8 Streams, Lambdas, Optional — Java 17 Records, Sealed Classes, Pattern Matching, Spring Boot 3.x (javax → jakarta migration)

AI Developer Tools: Copilot, Claude and Gemini

Professional Experience

Associate Technology L2, Publicis Sapient 02/2022 – Present

- Built and scaled high-availability Java microservices serving 1M+ daily users, improving API performance by 25% using Redis caching, SQL tuning, and Java optimizations
- Developed and maintained microservices using Java 17 and Spring Boot for telecom domain.
- Designed scalable applications with Spring WebFlux and integrated GraphQL endpoints.
- Led end-to-end ownership of critical services including code reviews, design, and incident handling.
- Delivered 20+ production releases, reviewed code, contributed to design discussions, and mentored junior developers to maintain clean architecture and production stability
- Integrated monitoring and logging using Kibana

System Engineer, TCS 06/2019 – 02/2022

- Developed RESTful web services and integrated Spring Batch with PL/SQL procedures.
- Maintained financial service applications using Java, JDBC, and J2EE.
- Collaborated closely with QA and DevOps teams for end-to-end development and deployment.
- Spearheaded internal automation to reduce manual test cycles by 30% using custom scripts and tools.

Education

Bachelor of Engineering in Computer Science, Medicaps University, Indore 2015 – 2019 | Indore, India
CGPA: 8.44

Higher Secondary, Kendriya Vidyalaya 2014

Senior Secondary, Kendriya Vidyalaya 2012

Awards

Engaging with Openness Award, Publicis Sapient 2023

TCS CodeVita 2018 – Ranked 918, TCS 2018
